Explore funding options

There are several ways to finance your education at GRIPS. They are described below.

Obtaining a scholarship allocated through GRIPS

A common way to finance your education at GRIPS is to obtain one of several scholarships allocated to GRIPS by various sponsoring organizations. To be considered for one of these scholarships, please tick the appropriate box on the Application Form. You do not need to apply for a scholarship separately. The specific scholarship will be determined by GRIPS based on eligibility requirements imposed by the scholarship providers (see GRIPS' website for details). Please note that scholarships are allocated on a competitive basis and that only a limited number of scholarships is available.

Obtaining external funding

As the number of scholarships available is limited, we urge you to explore funding opportunities that are offered by outside sources, including your own government. The Japanese government also provides scholarships on an open and competitive basis through the Japanese embassies. Applicants to these scholarships may select GRIPS as their preferred university. For details, please inquire at your local Japanese embassy.

Financing yourself

GRIPS is a national university and our tuition is relatively low.

Faxed documents, documents in opened or unsealed envelopes, or digital copies sent by e-mail will not be accepted.

Do not attach any additional paper.

The following documents are required of all applicants.

- ☐ Completed **certificate of application** (on designated form)
- ☐ **1 clear photograph of your face** (30 x 40 mm). Please paste the photograph onto the certificate of application.

The letters of recommendation must be written by faculty members or job supervisors who are familiar with your academic and/or professional abilities. Ideally, one recommendation letter should come from a former professor or an academic supervisor. Please ask the authors to enclose the completed recommendation letter in an envelope, seal the envelope, sign it across the flap, and return the letter to you or send it directly to GRIPS.

An official degree certificate is a certificate issued by the university and bearing the official seal of the university. It should state the name of your degree and the date the degree was awarded. A copy of your original diploma may be accepted instead of a degree certificate provided that the copy has been certified by a notary public.

Please note that copies attested by organizations/persons not having notary/legal functions will not be accepted. If you are currently attending a university, please submit an authorized statement of expected graduation. Do not send your original diploma as documents will not be returned.
