Accelerating Economic Growth in Africa

Japan International Cooperation Agency
Africa Department
Director General
Kazunori Oshiyama
Strategies for Accelerating Economic Growth

(1) Regional Infrastructure Development (Roads, Ports, Electricity)
(2) Strengthening Private-Public Partnership (PPP)
(3) Partnership with IFIs
(4) Focusing on Activities for Economic Growth
One Stop Border Post (OSBP) projects

Map is edited based on NEPAD STAP and TAH
**Japan’s Assistance for Energy Sector in Africa**

**West-Central Africa**
- **GHANA**
  - Rural Electrification (V) (On-going)
  - Power Distribution System Master Plan Study (On-going)
  - Human Resources Development Project for Disseminating PV Systems (On-going)
- **CAPE VERDE**
  - Power Supply, Transmission and Distribution Lines Project in Santiago Island (ACFA) (On-going) *L/A signed ‘07, Oct
- **SIERRA LEONE**
  - Project for Urgent Improvement of Electric Power Supply System in Freetown (On-going)
  - Project for the Rural Electrification in Cross River and Akwa Ibom States (I-II) (On-going)
- **NIGERIGA**
  - Project for the Rural Electrification in Cross River and Akwa Ibom States (I-II) (On-going)

**Southern Africa**
- **Malawi**
  - The Rural Electrification Promotion Project (MAREP Phase IV) (On-going)
- **ZAMBIA**
  - Increasing Access to Electricity Services Project (Co-financing with WB) (On-going)
  - Rural Electrification Master Plan Study (REMP) (On-going)
  - Electrification Development Master Plan (On-going)

**Eastern Africa**
- **UGANDA**
  - Bujagali Interconnection Project (ACFA) (On-going) *L/A signed ‘07, Oct
  - Rural Electrification Project Phase II (On-going)
  - Hydro Power Electrification Advisor (On-going)
- **KENYA**
  - Sondu-Miriu Hydropower Project II (On-going) *L/A signed ‘07, Jan
  - Sond terrain Power Project (On-going)
- **TANZANIA**
  - Project of Reinforcement of Transmission and distribution Facilitation in Oysterbay Station (On-going)
  - Technical Support Project for the Stable Power Supply System (On-going)

---

**Power Pool** The free trade of power within regions

There are 4 power pools in Sub-Sahara Africa, SAPP (South African Power Pool), EAPP (East African P P), WAPP (West African P P), CAPP (Central African P P). Exceptionally, in the case of significant power shortage within a pool, power has been traded among pools.
Toamasina Port Development Project

- This port is covering 70%-80% of all cargos in Madagascar.
- The request for port development is expanding 3 piers, A, B and C.

- JETRO/FF implemented for 2.5 months from Dec, 2007.
- JICA received request for Study of Development in 2008 and adopted.
- JICA under consideration of ODA loans implementation after JETRO/F and JICA study.

- Japanese private company planning repair of only pier B for Nickel project.

- Biomass plantation project

- Ambatovy Nickel project
Toamasina port
- Biggest port in Madagascar
- Covering 75% of all cargo

Ambatovy nickel project
Development nickel mine
- Smelting production

Biomass plantation project
Eucalyptus afforestation
- Processing

Expansion project

Economic Growth

Export

Japanese private company project in Madagascar
