Applicants are not allowed to apply for more than one program.

Applicants are not allowed to obtain more than one ID (see Section 2, The Application Process, Step 1, Online Entry Form) in an academic year.

You can apply to GRIPS only once in an academic year. This means that if your application to a GRIPS program has been rejected, you cannot make another application to any GRIPS program in that year, even if you choose a different funding option.

If you want to apply to one of our programs but it is not included in the list above, it may be a program for which you must file a paper application or file through a sponsoring organization. Please visit our web page "How to Apply" (<http://www.grips.ac.jp/en/admissions/apply/>) and check the application procedures for your program of interest.

Please be informed that this guide is only for applicants who are residing in countries other than Japan. If you:

1. are currently residing in Japan and plan to reside in Japan until enrollment at GRIPS;
2. are currently residing in Japan and plan to leave Japan in the near future; or
3. are residing in a country other than Japan and plan to move to Japan in the near future,

Obtaining a scholarship allocated through GRIPS

Full scholarships are available for exceptionally qualified candidates who have been accepted for study at GRIPS. These scholarships are provided by the Japanese government (MEXT) and international organizations, as well as by GRIPS.

To be considered for one of these scholarships, please select the appropriate funding option when you fill out the Online Entry Form. You do not need to apply for the scholarship separately. The specific scholarship will be determined by GRIPS based on the eligibility requirements imposed by the scholarship providers. Please note that scholarships are allocated on a competitive basis and that only a limited number of scholarships are available.

However, as the number of scholarships available is limited, we urge you to explore funding opportunities that are offered by outside sources, including your own government. The Japanese government also provides scholarships on an open and competitive basis through your local Japanese embassy. However, GRIPS no longer accepts applications under this category.

We sometimes e-mail applicants to request or clarify information and we often need a quick response. Provide an e-mail address that you will check regularly and continue using it until you enroll. Update your spam filters to ensure that you receive all GRIPS communications.

2. The Application Process

Selection for admission is based on the evaluation of information submitted online and supporting documents submitted. Before starting your application, please carefully review the following application process.

You will NOT be registered as an applicant until your Online Application Form has been submitted and we have received all of your supporting documents by post.

Those who have applied to GRIPS in previous years and wish to reapply this year must obtain a new ID and password. Furthermore, any supporting documents you submitted previously cannot be used for this year's application.

Please note that if you provide any false or misleading statement or incomplete or inaccurate information in your application, your application may not be screened, you may be denied admission or, if you have been admitted, you may be dismissed from GRIPS.

Step 1

Online Entry Form

Fill out and submit the Online Entry Form (<https://gast.grips.ac.jp/entry/>). Please note that applicants are not allowed to submit an Online Entry Form more than once in an academic year. The Admissions Office will send you an ID and a password by e-mail.

Step 2

Online Application Form

Use your ID and password to access GRIPS's portal **G-way** (<https://gportal.grips.ac.jp/fw/dfw/ASTSV004/>). Complete and submit the Online Application Form. As part of the online application process, you are

required to complete a video interview
(https://gportal.grips.ac.jp/fw/dfw/ASTSV001/ploas/downloads/GRIPS_VideoInterview_2019.pdf).

Step 3

Supporting documents

Ensure that all supporting documents meet our requirements (see Section 3, Supporting Documents). After submitting your Online Application Form (see Step 2 above), send the required supporting documents to the Admissions Office by post. Walk-in submissions will not be accepted.

In extenuating circumstances you may have your official transcripts and certificates of graduation/degree sent directly to us by the registrar. In such cases, please enclose a memo with your application explaining the circumstances.

All materials submitted by an applicant become the property of GRIPS and will not be returned. Please make sure to keep one copy of your application for your records.

If there is some reason (e.g. marriage) for the difference, please also submit official documentation of that reason (e.g. marriage certificate).

Faxed documents or digital copies sent by e-mail will not be accepted.

Do not attach any additional documents apart from the items listed below.

Your letters of recommendation must be written by faculty members or job supervisors who are familiar with your academic and/or professional abilities. Ideally, one recommendation letter should come from a former professor or academic supervisor.

You are required to request each of your recommenders to write a letter of recommendation via the Online Application Form. Your requests will be sent to your recommenders by e-mail. Each recommender will be requested to submit a letter of recommendation online. We strongly suggest that you inform your recommenders about this process and about the submission deadline well ahead of the sending of the requests.

Important notes

- You can check the online submission status of your letter(s) of recommendation at the BASE page of your Online Application Form.
- Applicants are responsible for the timely online submission of letter(s) of recommendation.
- GRIPS is not responsible if for any reason (e.g. error in typing of recommenders' e-mail address(es), network trouble) request e-mail(s) cannot be delivered to your recommender(s).

If your recommender(s) cannot submit letter(s) online, you are required to obtain the letter(s) from your recommender(s) using the designated form and submit it (them) by post along with the rest of your supporting documents, all in one package. The form is available in the Online Application Form. Each of your letters must contain both of the two A4 pages provided. Letters submitted that do not use our designated forms will not be accepted. They must be submitted in sealed, unopened envelopes signed across the flap by the recommender.

You are required to submit this if you are currently employed.

You are required to request your employer to prepare a certificate (including a leave of absence approval, if applicable) via the Online Application Form. Your request will be sent to your employer by e-mail. Your employer will be requested to submit a certificate of employment online. - GRIPS is not responsible if for any reason (e.g. error in typing of an employer's e-mail address, network trouble) a request e-mail cannot be delivered to your employer.

If your employer cannot submit a certificate online, you are required to obtain one from your employer using the designated form and submit it by post along with the rest of your supporting documents, all in one package. The form is available in the Online Application Form. For the details about the required contents, please see the explanation on the designated form.

New graduates and those not currently employed need not submit this document.

Official transcripts of academic record and graduation/degree certificates

You must submit by post official transcripts and graduation/degree certificates from all undergraduate and graduate institutions attended. These must be documents issued by the university and bearing the seal or signature of the registrar, and they must be submitted in sealed, unopened envelopes with the university logo and address noted; the envelopes must be signed or stamped across the flap by the issuing school authorities.

• Official transcripts of academic record

Official transcripts should contain the following information: the name of the degree program/course, the enrollment period, the names of all courses taken and grades received, and the grading scale. It is helpful to have the student's rank in the class included in the information. You should obtain your official transcripts from each university you attended. If you are currently attending a university, please submit your most recent transcript.

• Official graduation/degree certificates

Official certificates should state the name of your degree and the date the degree was awarded. You should obtain your official graduation/degree certificates from each degree awarding institution. If you are currently attending a university, you must submit an authorized statement of expected graduation certifying the specific date of graduation and the title of the expected degree upon completion of the program. Do not send your original diploma, as documents will not be returned.

Important notes

- Transcripts/certificates that have been opened are not acceptable.
- Transcripts/certificates without the institution's official stamp or the signature of the registrar are not acceptable.
- If a university has a policy not to issue more than one official transcript/certificate, you may submit photocopies verified by the university. These must be submitted in sealed, unopened envelopes with the university logo and address noted; the envelopes must be signed or stamped across the flap by the issuing school authorities.
- If a university cannot issue an official English transcript/certificate, you are required to submit both an official transcript/certificate (photocopies are not acceptable), written in its original language and bearing the institution's stamp or the signature of the registrar, and an official English translation of the document, prepared by an accredited translator.
- If official transcripts do not include the grading scale, you are required to request the university to issue an official letter providing the details of the grading scale. That letter should be enclosed in the same envelope as the transcripts.
- Provisional or temporary graduation/degree certificates are not acceptable.
- If you attended a partnership/affiliated/associated institution, please submit an official document certifying the relationship between the degree awarding institution and institution where the education was actually conducted; the document must be issued by the degree awarding institution.

Official evidence of English ability

One of the following test scores is required:

1. TOEFL iBT: 79 or higher
2. IELTS Academic: 6.0 or higher

Test scores must be sent directly to us by post from the test center (GRIPS institution code for TOEFL is 9040). Test scores sent by applicants will not be accepted. Please note that English test scores are valid for two years from the test date, and therefore, tests must have been taken within two years of the time of enrollment at GRIPS. TOEFL PBT, revised TOEFL Paper-delivered Test and TOEFL ITP scores are not acceptable.

How to apply for a waiver of the English language proficiency requirement

(Please note that there are two categories in our English test exemption policy.)

Category 1: Applicants who have completed or expect to complete an undergraduate or a graduate degree at an accredited institution located in the USA, the UK, Canada, Australia, New Zealand, or Ireland will be automatically exempted from submitting an English test score.

Category 2: Applicants who have completed or expect to complete an undergraduate or a graduate

degree at an institution where the language of instruction is English may request a waiver of the English language proficiency requirement. If you wish to apply for such a waiver, you must submit, as evidence, official documents issued by the educational institution you attended, certifying that your undergraduate or graduate education was conducted entirely in English. This document must be issued by the university and bear the seal or signature of the registrar, and it must be submitted in a sealed, unopened envelope with the university logo and address noted; the envelope must be signed or stamped across the flap by the issuing school authority.

Please note that the granting of your language waiver request is at the discretion of our screening committee and that your request for a language waiver will be considered at the time of screening. This means that there is a possibility that your waiver request will be denied. If possible, we strongly recommend that you take a TOEFL or IELTS test prior to your application.

Financial statement

A financial statement is required if you select "I will finance myself" or "I will obtain funding from other institutions (including MEXT extension)" when you submit your Online Entry Form.

Please submit one of the following documents showing that you have the necessary funds to cover the total cost of study (tuition and living expenses in Japan) by post along with the rest of your supporting documents, all in one package. The total cost of study has been estimated at JPY 2,700,000 for the first year. This amount may change slightly in subsequent years.

1. An original bank statement or an original letter from a bank dated within the past two months showing the necessary funds in Japanese yen or US dollars.
2. An original award letter from a scholarship provider showing the total sum of the scholarship in Japanese yen or US dollars as well as the general terms and conditions of the scholarship.
3. An original statement from a sponsor (such as a relative) indicating the sponsor's ability and willingness to provide you with the necessary funds. The sponsor needs to provide proof of the necessary funds in the form of an original bank statement or an original letter from a bank dated within the past two months and showing the necessary funds in Japanese yen or US dollars.

A hard copy of a screen shot from a bank website will not be accepted.

The bank account shown in your statement must be of the type that allows you to withdraw funds upon your request.

Application fee

An application fee is required, due upon request from GRIPS, in the amount of JPY 30,000, if you are not applying for a scholarship allocated through GRIPS.

Please DO NOT pay the fee before we advise you to do so. If the application fee has been paid and the application has been received by us, the fee will not be returned for any reason.

The application fee must be paid by bank transfer to the account shown below. All applicable transfer charges will be borne by the applicant.

Bank name: Sumitomo Mitsui Banking Corporation
Branch name: Tokyo Koumubu, Japan 096
Account number: 151884
Account name: The National Graduate Institute for Policy Studies
Swift code (BIC code): SMBCJPJT

Additional documents required of applicants for five-year and three-year Ph.D. programs

Hard copy of your master's thesis or equivalent

Applicants to the five-year Ph.D. programs (G-cube and PA) who do not have a graduate degree must submit an undergraduate thesis or a course paper by post along with the rest of their supporting documents, all in one package.

If your thesis or its equivalent was written in a language other than English, please prepare and submit an English version of the abstract. In this case, you do not need to submit your master's thesis or its equivalent.

If you are currently a student, you can submit the thesis you have been working on even if it is incomplete. If you think it is not enough, you can also submit a term paper or some other paper related to your research. If your program does not require a thesis, you can submit a paper that you wrote during your study and that is related to your area of research.

4. After You Apply

Notify GRIPS of any changes

You must notify GRIPS by e-mail as soon as possible of any changes in your personal data (e.g. address, phone number) that may occur after you have completed your application. In case of any change in your employment information (e.g., promotion, transfer), as soon as possible after the change occurs you must submit by post a certificate of employment that certifies your new status, using the designated form. The certificate of employment form is available from the Admissions Office, on request.

Even after you have submitted your Online Application Form, you can still access and update it until your supporting documents have reached the Admissions Office. Please note that no further changes can be made once your supporting documents have reached us and the status of your application has changed to **"Supporting documents received."**

Admissions results

Once we have received your complete application with supporting documents, it is sent to our screening committee and the status of your application changes to **"Screening session ongoing."**

The final results of screening are announced by e-mail. Both successful and unsuccessful applicants receive the notification e-mail. We do not respond to any individual inquiries about reasons for non-acceptance.
