2. If you are sick on campus, please return home immediately and have a rest at home or see a medical institution as appropriate. **Please do not visit the Health Services Center directly** to prevent the spread of the infection.
If you need our consultation, please call us first by the phone.
3. In case that face-to-face correspondence is required, we will see you on the south terrace(next to room 4A) on the 4th floor, which is an open-air environment. Please make a reservation in advance for the consultation.
4. In case of an **emergency request** in campus, please **call 119 first.**
Then contact us (ext. 6091) or the Facility Management Center (ext. 8800).
