APPLICATION GUIDE DISASTER MANAGEMENT PROGRAM (PH.D.) 2021-2022

1. Objectives

Water-related disasters are intensifying in frequency and magnitude due to such worldwide phenomena as urbanization, industrialization, and climate change. These disasters cause devastating loss of human life and livelihood, and seriously impede economic development.

It is increasingly evident that capacity development and human empowerment are the necessary foundation to ensure that societies are resilient against disasters and capable of sustainable development. In order to enhance that foundation, it is urgent that countries increase their capacity to train researchers, educators and strategy/policy specialists in risk management.

In the interest of supporting countries in such capacity building, the National Graduate Institute for Policy Studies (GRIPS) and the International Centre for Water Hazard and Risk Management (ICHARM) of the Public Works Research Institute (PWRI) jointly launched a Ph.D. program in October 2010. The broad aim of the program is to nurture professionals who can train researchers and take leadership in planning and implementation of national and international strategy and water-related risk management policy.

2. Target Group

Technical officials, engineers, and researchers in the fields of water-related disasters and disaster risk management policy in developing countries. After completing the program, graduates are expected to hold leadership positions in water-related disaster management.

3. Financial Support

There are two funding opportunities available for applicants, described below. In addition, applicants are allowed to find other sources of financing for their studies.

1. ICHARM Research Assistantship

PWRI is calling for applications for ICHARM Research Assistant positions. Students employed in these positions will work at ICHARM as ICHARM Research Assistants. This is an excellent opportunity to advance one's learning and experience the practical work of ICHARM while carrying out one's own research. Those interested in the assistantship should visit the PWRI website for further information.

http://www.icharm.pwri.go.jp/training/phd/phd_index.html

2. JICA Scholarship "Disaster Risk Reduction (DRR) Leaders Capacity Development for the Sendai Framework Implementation (FY2021)"

This scholarship is open only to applicants from the following 12 countries (TBD): Philippines, Viet Nam, Indonesia, Myanmar, Fiji, India, Sri Lanka, Mongolia, Nepal, Bangladesh, Pakistan, and Iran. It is provided by Japan International Cooperation Agency (JICA) and implemented as part of the Official Development Assistance (ODA) of the Government of Japan, based on bilateral agreements between Japan and each country. To apply for this scholarship, it is necessary to complete JICA's entry process by the beginning of February 2021. Those interested in the scholarship should contact the JICA office in their country for further information.

4. Enrollment Limit

This Ph.D. program will accept one to three students per year.

5. Admission

The National Graduate Institute for Policy Studies (GRIPS) offers a three-year Ph.D. program admitting doctoral students in October.

To be eligible for admission to the program, an applicant must have research or practical experiences of more than one year in the field of water-related risk management in organizations including universities, or have written a Master's thesis related to water-related risk management.

6. The Application Process

Selection for admission is based on the evaluation of supporting documents submitted. Before starting your application, please carefully review the following application process.

You will NOT be registered as an applicant until we have received a complete set of your required supporting documents by post.

If you have applied to GRIPS in previous years and wish to reapply this year, any supporting documents you submitted previously cannot be used for this year's application.

Please note that if you provide any false or misleading statement or incomplete or inaccurate information in your application, your application may not be screened, you may be denied admission or, if you have been admitted, you may be dismissed from GRIPS.

Ensure that all supporting documents meet our requirements (see Section 7, Supporting Documents). Send a complete set of your required supporting documents to the Admissions Office by post. Your official TOEFL/IELTS test score report must be sent directly to us by post from the test center (GRIPS institution code for TOEFL is 9040). Walk-in submissions will not be accepted.

Application for admission (use the designated form)

Please prepare a photograph of your face, in accordance with the stipulations on the form, and paste it onto the form.

Two (2) letters of recommendation (use the designated form)

Your letters of recommendation must be written by faculty members or job supervisors who are familiar with your academic and/or professional abilities. Ideally, one recommendation letter should come from a former professor or an academic supervisor.

You are required to obtain the letters from your recommenders using the designated form and submit them by post. Each of your letters must contain both of the two A4 pages provided. Letters submitted that do not use our designated forms will not be accepted. They must be submitted in sealed, unopened envelopes signed across the flap by the recommender.

Certificate of employment (use the designated form)

You are required to submit this if you are currently employed. New graduates and those not currently employed need not submit this document.

You are required to obtain a certificate (including a leave of absence approval, if applicable) from your employer using the designated form and submit it by post.

Official transcripts of academic record and graduation/degree certificates

You are advised to show the instructions below to registrars at each of the universities that you attended when you request issuance of transcripts/certificates in accordance with our requirements.

You must submit an official transcript of your academic record and your graduation/degree certificates from each undergraduate or graduate institution that you attended/graduated from. These must be documents issued by the university and bearing the seal or signature of the registrar, and they must be submitted in sealed, unopened envelopes with the university logo and address noted; the envelopes must be signed or stamped across the flap by the issuing school authorities.

- Official transcripts of academic record

Official transcripts should contain the following information:

- Name of the degree program/course
- Enrollment period
- Names of all courses taken and grades received
- Grading scale including the maximum grade point/score

If you are currently attending a university, please submit your most recent transcript.

- Official graduation/degree certificates

Official certificates should state the name of your degree and the date the degree was awarded. Provisional or temporary graduation/degree certificates are not acceptable. DO NOT send your original diploma, as documents will not be returned.

If you are currently attending a university, you must submit an authorized statement certifying the specific date of graduation and the title of the expected degree.

Important notes

- Photocopies of transcripts/certificates that have been verified by a notary public are not acceptable.
- If a university has a policy not to issue more than one official transcript/certificate, you may submit official photocopies verified by the university. To be official, these must bear the institution's official stamp or the signature of the registrar. They must be submitted in sealed, unopened envelopes with the university logo and address noted; the envelopes must be signed or stamped across the flap by the issuing school authorities.
- If a university cannot issue an official English version of your transcript/certificate, you are required to submit both:
 - The official transcript/certificate (photocopies are not acceptable), written in its original language and bearing the institution's stamp or the signature of the registrar, and
 - An official verbatim English translation of the document, prepared by an accredited translator.

Official evidence of English ability

One of the following test scores is required:

1. TOEFL iBT: 79 or higher
2. IELTS Academic: 6.0 or higher

Your official TOEFL/IELTS test score report must be sent directly to us by post from the test center (GRIPS institution code for TOEFL is 9040. There is no GRIPS institution code for IELTS.). Test score reports sent by applicants will not be accepted.

Please note that English test scores are valid for two years from the test date, and therefore, tests must have been taken within two years of the time of enrollment at GRIPS.

TOEFL PBT, revised TOEFL Paper-delivered Test and TOEFL ITP scores are not acceptable.

How to apply for a waiver of the English language proficiency requirement

(There are two categories in our English test exemption policy.)

Category 1: Applicants who have completed or expect to complete an undergraduate or a graduate degree at an accredited institution located in the USA, the UK, Canada, Australia, New Zealand, or Ireland will be automatically exempted from submitting an English test score.

Category 2: Applicants who have completed or expect to complete an undergraduate or a graduate degree at an institution where the language of instruction is English may request a waiver of the English language proficiency requirement.

If you wish to apply for such a waiver, you must submit official documents issued by the educational institution you attended, certifying that your undergraduate or graduate education was conducted entirely in English. If the official transcript of your academic record or graduation/degree certificate includes that information, you need not submit a separate document.

This document must bear the seal or signature of the registrar, and it must be submitted in a sealed, unopened envelope with the university logo and address noted; the envelope must be signed or stamped across the flap by the issuing school authority.

You are advised to show these instructions to the registrar at the university that you attended when you request issuance of the document in accordance with our requirements.

Statement of purpose (use the designated form)

Research proposal (use the designated form)

Hard copy of your master's thesis or equivalent

If your thesis or its equivalent was written in a language other than English, please prepare and submit an English version of the abstract. In this case, you do not need to submit your master's thesis or its equivalent.

If you are currently a student, you can submit the thesis you have been working on even if it is incomplete. If you think it is not enough, you can also submit a term paper or some other paper related to your research. If your program does not require a thesis, you can submit a paper that you wrote during your study and that is related to your area of research.
