Please visit our web page "How to Apply" (<http://www.grips.ac.jp/en/admissions/apply/>) and check the application procedures for your program of interest.

### How to apply for a waiver of the English language proficiency requirement

(There are two categories in our English test exemption policy.)

Category 1: Applicants who have completed or expect to complete an undergraduate or a graduate degree at an accredited institution located in the USA, the UK, Canada, Australia, New Zealand, or Ireland will be automatically exempted from submitting an English test score.

Category 2: Applicants who have completed or expect to complete an undergraduate or a graduate degree at an institution where the language of instruction is English may request a waiver of the English language proficiency requirement.

If you wish to apply for such a waiver, you must submit official documents issued by the educational institution you attended, certifying that your undergraduate or graduate education was conducted entirely in English. If the official transcript of your academic record or graduation/degree certificate includes that information, you need not submit a separate document.

This document must bear the seal or signature of the registrar, and it must be submitted in a sealed, unopened envelope with the university logo and address noted; the envelope must be signed or stamped across the flap by the issuing school authority.

You are advised to show these instructions to the registrar at the university that you attended when you request issuance of the document in accordance with our requirements.

### Important notes

- If you wish to apply for a waiver of the English language proficiency requirement in accordance with Category 2, you may alternatively submit scanned copies of official documents online via the Online Application Form. When you receive an offer of admission, you must submit your official documents by post, in line with GRIPS submission guidelines.

The sponsor needs to provide proof of the necessary funds in the form of an original bank statement or an original letter from a bank dated within the past two months and showing the necessary funds in Japanese yen or US dollars.

A hard copy of a screen shot from a bank website will not be accepted.

The bank account shown in your statement must be of the type that allows you to withdraw funds upon your request.

Applicants who have completed the JICA Scholarship application process are required to provide official proof of the status of their application upon request from GRIPS.

If your program does not require a thesis, you can submit a paper that you wrote during your study and that is related to your area of research.

If you are currently a student, you can submit the thesis you have been working on even if it is incomplete. If you think it is not enough, you can also submit a term paper or some other paper related to your research.
