- Mendeley is a reference manager and provides academic social network that can help you organize your research, collaborate with others online, and discover the latest research.

### What you can do with Mendeley:

automatically generate bibliographies,  
collaborate easily with other researchers online,  
easily import papers from other research  
software, find relevant papers based on what  
you're reading, access your papers from  
anywhere online, read papers on the go, with  
iOS and Android apps
