Personal Accident Insurance for International Students

Personal accident insurance pays a premium for you or your beneficiary in the case of accidental death or permanent disability, and also covers expenses for rescuers, compensation for damage, and medical treatment. GRIPS international students are required to take out that kind of insurance. For scholarship recipients, whether the insurance premiums are covered by the scholarship sponsor or should be borne by the student depends on the scholarship. Self-financed students will have to pay a portion of the insurance premium themselves. If you would like to know more about your insurance situation, please contact the Student Office or your program coordinator.
